## **2. International Interdisciplinary Endocrine Surgery Conference**

### **“Recent Progress in Endocrine Surgery”**

Hotel Clarion Admiral

Bergen 23.-24.9.2016

For further details and registration: [www.ksci.no](http://www.ksci.no)

Program:

**Thursday Sept 22.2016:**

18:00-19:00 Reception given by the City of Bergen. Schøtstuene, Bryggen

**Friday Sept 23. 2016:**

Time	Session/Topic	Lecturer
08.15-08.30	<b>Welcome Introduction</b>	T. Aas H. Dralle
08.30-10:10	<b>Epidemiology of small neuroendocrine tumors: observe or remove? Chairs: E. Husebye and O. Gimm</b> Papillary Thyroid Cancer Adrenal Incidentalomas Neuroendocrine pancreatic tumors Neuroendocrine gastric tumors Neuroendocrine rectal tumors	T. Musholt, Mainz B. Wängberg, Gothenburg G. Åkerström, Uppsala H. Scherübl, Berlin F. Pfeffer, Bergen
10.10-10.50	Coffee Break/ Exhibition	
10:50-12:30	<b>Impact of modern molecular and immunopathology findings on surgical management Chairs: K Brauckhoff and K Lorenz</b> Changing molecular and pathologic profiles in differentiated thyroid cancers From a thyroid biobank to novel drug targets Changing frequency of genotypes by systematic screening of MTC gene carriers Hereditary paraganglioma syndromes Ki67 in neuroendocrine GEP tumors	R. Elisei, Pisa  T. Arnesen, Bergen A. Machens, Halle  O. Gimm, Linköping A. Schmitt, Bern
12:30-13:50	Lunch/ Exhibition	
13:50-14:20	<b>Key Lecture 1: Medical treatment of metastatic neuroendocrine pancreatic tumors</b>	K. Øberg, Uppsala
14:20- 15:40	<b>Impact of surgical technique on short- and long-term outcome Chairs: G. Materazzi and A. Bergenfelz</b> Parathyroid preserving thyroidectomy Subtotal adrenalectomy for hereditary pheo Enucleation or resection of small neuroendocrine pancreatic tumors	M. Barczynski, Krakow K. Brauckhoff, Bergen D. Bartsch, Marburg
15:40-16:20	Coffee Break/ Exhibition	
16:20-16:50	<b>Key Lecture 2: Imaging of recurrent thyroid cancer</b>	M. Biermann, Bergen
16:50-18:20	<b>Management of specific surgical events Chairs: K. Brauckhoff and M. Barczynski</b> Intraoperative loss of signal during nerve monitoring in thyroid surgery Postoperative chyle leakage after neck surgery Autotransplantation in hereditary and secondary HPT Management of vascular invasion in neuroendocrine pancreatic tumors	R. Schneider, Halle  K. Lorenz, Halle T. Steinmüller, Berlin M. Büchler, Heidelberg
19:30	<b>Dinner</b>	

**Saturday Sept 24. 2016**

Time	Session/Topic	Lecturer
08:20-08:50	Management of tumor-invaded recurrent laryngeal nerve	G. Randolph, Boston
08:50-10:10	<p><b>Intraoperative adjuncts for the surgeon</b>  <b>Chairs: G. Åkerstrøm and T. Musholt</b>            Energy-based devices in thyroidectomy            Quick PTH assay in primary HPT            Preoperative diagnostic in solitary and multinodular goiter. Has frozen section any role?            Ultrasound in MEN 1 pancreas</p>	<p>G. Dionigi, Varese            A. Bergenfelz, Lund            J. Arnes, Bergen              B. Carnaille, Lille</p>
10:10-10:40	<b>Key Lecture 3: Surgical management of liver metastases of neuroendocrine GEP-tumors</b>	A. Frilling, London
10:40-11:20	Coffee Break/ Exhibition	
11:20-12:40	<p><b>Endoscopic and robotic approaches in endocrine surgery</b>  <b>Chairs: D. Bartsch and G. Dionigi</b>            Transaxillary thyroidectomy            Endoscopic parathyroidectomy            Laparoscopic/retroperitoneoscopic adrenalectomy            Laparoscopic surgery for neuroendocrine pancreatic tumors</p>	<p>G. Materazzi, Pisa            B. Bellantone, Rome            R. Mihai, Oxford            B. Edwin, Oslo</p>
12:40	<b>Adjourn</b>
